

OLYMPIA MILLENNIUM

OLYMPIA MILLENNIUM
The New Standard

AIR QUALITY

ICE QUALITY YOU CAN HAVE BOTH!

If you require an ice resurfacer which is:

- Emission controlled Propane or Natural Gas powered
- Fully equipped to meet your ice resurfacing needs
- Delivers the best ice resurfacing technology has to offer
- Has finger tip controls for ease of use
- Delivers the smoothest ice possible, every time
- Sets the industry's highest performance standards
- Features the latest in operator convenience and safety
- And gives you the best value for your money

Your next step is simple, contact your OLYMPIA dealer and test drive the OLYMPIA Millennium, what every ice resurfacer should be.
