CLOTH CURLING LINE KIT

EQUIPMENT:

Curling Set; Water Bucket; Brushing roller (eg. Paint brush roller); String, 2 nails; Lukewarm water

Before marking, the bottom ice must be heavy and even. Suitable temperature is -2 to -15 degrees Celsius.

Mark the centre of the base to the ice and draw circles of 300mm, 1220mm, 2440mm and 3660mm with nail and string as compass dividers.

Place the coloured fibre cuts close to the circle side by side and pre-fasten with drops of water. After pre-fastening every piece of the circle and checking that everything is right, fasten them definitely with brushing roller and lukewarm water.

Mark the other rulings according to the attached instructions, pre-fasten lines with drops of water and fasten them definitely with brush roller.

Freeze an ice layer thick enough over the markings to get required evenness.

Kit contains material for 2 sheets: 4 Red 1220mm (2 pc), 4 Blue 3660mm (6 pc), 7 Red 50mm x 31m, 3 Blue 20mm x 75m and 1 Instruction sheet.
